

COVID-19 PROTOCOL FOR MOVERS

In our ongoing efforts during Covid-19 pandemic, we are taking every precaution for the continued health and safety of The Cedars community. We will continue to follow the heightened precautionary measures that have been put in place. The following restrictions apply to all parties involved in move-ins or move outs.

1. All movers must check in with security for screening (entrance off Barbee Chapel Road).
2. Masks and gloves must be worn at all times.
3. While working in the community there can be no more than 5 people, including family and movers, practicing social distancing 6 feet apart.
4. Everyone will need to use one point of entry/exit for the move.
5. Once the move is complete please notify security, so they can disinfect the common areas.
6. Moves must be completed in one day.

Thank you again for your support as we manage through this difficult time together.
